## 1. Principles

At Newall Green Primary School we recognise our responsibility to ensure that our children enjoy their lunchtime feeling safe, secure. We want them to experience an environment which develops

- a) Learn how to interact with others at meal times and improve their social skills
- b) have a pleasant eating experience and learn how to use a knife and fork
- c) Have time to play with friends. As a school community we recognise the important role
- d) Is inclusive so all children have access to high quality provision that meets their medical or cultural needs.

It is the school's policy to provide an adequate level of supervision to all children during the lunch period. Lunchtime Supervisors play a large part in ensuring the environment meets the needs of the children.

## 2. Aims

At lunchtimes we aim to:

- Ensure that all children feel safe and valued.
- Treated everyone fairly, equally and with respect (Peace Mala commitments)
- Create an enjoyable and calm lunchtime environment.
- Help children develop the skills of using a knife and fork
- Reinforce table manners
- Provide activities to improve children's understanding of leading a healthy life style by promote the schools PSHE and Healthy Schools programme through the attitude and behaviours of children and staff.

## 3. Lunchtime Ratios

For Nursery:

The DfE explained that, during breaks and lunchtimes, the minimum ratio (1 member of staff for every 13 children) must be maintained, but teachers are not necessarily required to be present. Head teachers should exercise their professional judgement in determining what cover is required.

Reception to year 6:

The supervision levels are determined off the risk assessment undertaken by the Head Teacher. We aim to have one LO per class of children where possible.

## 4. Routines

Nursery	11.30-12.45
Reception	12.15-1.15
KS1	12.15-1.15
KS2 Lower	12.30-1.15
KS2 Upper	12.45-1.30

## 5. Supervision

All Lunchtime Supervisors in the dining hall need to ensure:

- children are seated in the appropriate area
- assist children with their meals where needed
- encourage independence.
- Ensure proper order in the dining hall by an insistence on orderly queuing
- Ensure children make proper use of knives and forks
- Supervise behaviour so children do not throw food or prevent others from enjoying their meals.

### Playground supervision

Lunchtime Supervisors ensure the safety of all children in the playgrounds or on the field at all times. This involves the following:

- prevention of rough play which might lead to injury or incite fear in other children – log any incidents on CPOMs
- stopping children from playing in any area that could present danger
- removing any items from children which could be dangerous to themselves or others
- During hot weather, encouraging children to wear a hat, sun cream and take their water bottles outside.
- During cold weather, encouraging children to wear a coat, hat, scarf and gloves and take their water bottles outside.
- Keeping a close eye on as many groups as possible and reporting any suspicion of bullying to the Senior Lunchtime Organisers.
- If an accident occurs resulting in injury to a child send the child to the first aid station. Minor cuts and bruises are treated by a First Aider.
- All injuries are recorded using the carbon copied forms so that the child is able to take a copy of the incident home. More serious injuries may need a phone call home
- If the injury is serious, a member of staff on duty will send for assistance, whilst remaining with the injured child to give comfort until first aid/ ambulance arrives. In this case, the Head teacher must be informed. If the accident is major and an ambulance is required, then the emergency 999 service will be used. (all procedures can be found in the First Aid policy – which also has a list of first aiders.

### Wet play:

At certain times during the lunchtime period it may be necessary to supervise children in other areas of the school such as classrooms or the library. Children should:

- Never run around the classrooms / corridors
- Be prevented from handling dangerous materials or implements such as scissors etc.
- Be prevented from disturbing things on the teacher's desk or other materials or equipment in the room.

- Also no child has the right to touch any other child's property without permission from the owner or teacher.
- Not be allowed to climb on desks or chairs, nor should they be permitted to open windows or doors without supervision. Such activities are dangerous and appropriate steps should be taken to prevent such behaviour.
- If a child is found defacing or damaging school property or the property of another, this needs to be reported immediately to the Head teacher.
- Whilst in the classroom they are permitted to read or play games in a calm manner as quietly as possible.

## 6. Behaviour Management

The Lunchtime Supervisors sensitively manage low-level inappropriate behaviour in a firm but fair manner. Children are reminded of the School rules (the 6 Peace Mala rules found on the classroom wall) and appropriate consequences may be given. This may include 'Time Out' for short periods of time, being asked to sit or stand in a designated place or being asked to accompany the member of staff to a more senior member of staff.

In the event of more serious breaches of the Code of Conduct, the member of staff should accompany the child to the Headteacher / Deputy Headteacher. Some lunchtime Supervisors have been trained in Team Teach and in extreme circumstances may use the techniques learned to positively handle a child. The Headteacher should be informed immediately and the matter will be dealt with in accordance with the schools behaviour policy.

## 7. Special Needs Children

Some children with special needs may be supervised individually by Teaching assistants. It is the prime responsibility of these assistants to ensure those children's safety however they may need assistance from the Lunch Time Organisers or Lunch Time Organisers may be assigned specific duties, these will be outlined on the child's Health Care Plan. The special needs assistants may also assist with general supervision at lunch time. Those children with allergies or specific medical needs are identified on the information board need the LO desk. Children who have dietary needs / allergies are also identifiable through the Dolce system.
